The one-stop-shop for prospective handgun buyers. The market for new handguns is expanding rapidly, and that's good news for consumers. Each year more and more new models break cover and there has never been a better time to be in the market for a new handgun, whether you're a recreational shooter, a concealed carry permit holder, a hunter or a serious competitive shooter. Today's handguns offer superb machining and utilize some of the most technologically-advanced alloys, polymers and finishes to help make the current crop of handguns lightweight, accurate, durable, and affordable. This increase in product offerings stem from new interest in handguns, primarily as a result of nationwide issuance of concealed carry permits. As laws have been enacted that protect the rights of gun owners and defend our personal liberties, more and more new shooters are showing up on the range. But first-time shooters and new concealed carry permit holders are not the only segment of the handgun market that is seeing growth and interest. Pistol competitions have become more popular and more advanced, evolving from slow-fire matches at local gun clubs to modern IPSC, IDPA and 3-gun competitions. Handgun Buyer's Guide will help both the bewildered new shooter find their feet and purchase a handgun, find the best accessories, and locate a place to practice on hone their skills. You'll find all you need for owning a handgun in the Handgun Owner's Guide! Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts. "Who knows what evil lurks in the hearts of men? . . . The Shadow knows!" And who knew The Shadow better than his creator, Walter B. Gibson. Relatively few people have heard of Gibson, but many more are familiar with The Shadow having heard the program on the Blue Coal Radio Program in the 1930s and read the Street & Smith Shadow novels. Walter B. Gibson's life and career come out from behind The Shadow in this biography. It covers his youth in Philadelphia, his development as a writer and magician, his wives, including the third, (Litzka, who was a harpist and magician in her own right), his time living in Maine and upstate New York, and his later years and death. In addition to being credited with creating The Shadow (he used the pseudonym Maxwell Grant), Gibson wrote 187 books, contributed 668 articles to periodicals, created 283 stories for The Shadow Magazine, wrote 48 separate syndicated feature columns, reported the adventures of The Shadow and Blackstone the magician in 394 comic books and newspaper strips, and helped develop 147 radio scripts and many other works under numerous pseudonyms. Gibson has invented many widely used magic tricks and traveled with and befriended Harry Houdini, Howard Thurston, Harry Blackstone, Sr., and Joseph Dunninger.
