Wolfram Eberhard's "A History of China" is the first (and only, thus far) historical work on China that I've read- and being that I knew nothing of China's history before starting this, my expectations weren't very high. Let me first announce that this particular volume can be read for free, either through Project Gutenberg or on the Amazon ...

According to these sources China's history began either
about 4000 B.C. or about 2700 B.C. with a succession of wise
emperors who "invented" the elements of a civilization, such
as clothing, the preparation of food, marriage, and a state
system; they instructed their people in these things, and so
