As a straight-A student with a budding romance and loyal best friend, M.T.'s life seems as apple-pie American as her blondish hair and pale skin. With senior year of high school kicking into full swing, M.T. sees her hopes for a "normal" future unraveling. But their passionate love affair is destroyed by her father's murderous rage. Will David's departing promises be enough? David the King is no longer the charming harpist she gave her heart to. The most powerful man in Israel, he falls into the arms of the beautiful Bathsheba. Temptation comes in the form of a dashing Philistine warrior. What if you could do it all over again? Jennifer Wright is pretty sure her husband doesn't love her anymore. She and Max used to be the perfect couple, but the pressures of work and kids have pulled them in opposite directions. Now, Jen is full of "what if" questions about whether her bland, suburban existence is all she was ever destined for. When a terrible accident sends

Jen into a coma, she is able to see what her life could have been if she had run off to Australia with the handsome, dangerous man she met on vacation in her twenties, or if she had stayed with her workaholic college boyfriend. Would she ever have loved another child as much as she loves her daughters? Could she have become rich? More than anything, Jen wants to do the right thing for her family. But what she discovers may leave her with even more questions about the choices she's made, and no easy answers about what to do next.

A thrilling new Victorian-era urban fantasy for fans of Kevin Hearne's Iron Druid Chronicles, the Showtime series Penny Dreadful, and the Sherlock Holmes movies featuring Robert Downey, Jr. They are the realm's last, best defense against supernatural evil. But they're going to need a lot more silver. As fog descends, obscuring the gas lamps of Victorian London, werewolves prowl the shadows of back alleys. But they have infiltrated the inner circles of upper-crust society as well. Only a handful of specially gifted practitioners are equipped to battle the beasts. Among them are the roguish Simon Archer, who conceals his powers as a spell-casting scribe behind the smooth veneer of a dashing playboy; his layabout mentor, Nick Barker, who prefers a good pub to thrilling heroics; and the self-possessed alchemist Kate Anstruther, who is equally at home in a ballroom as she is on a battlefield. After a lycanthrope targets Kate's vulnerable younger sister, the three join forces with fierce Scottish monster-hunter Malcolm MacFarlane—but quickly discover they're dealing with a threat far greater than anything they ever imagined. *Love is Fear* is the highly anticipated sequel to the Number One Fantasy Bestseller, *Love is Darkness*. After a lot of swearing and only a little nookie, Valerie Dearborn has decided to make a change. No more lusting after Lucas, the hot, but emotionless, vampire king who can't commit. Instead she's going to make it work with Jack. After all, not only is he breathing, but he's the love of her life....Isn't he? Valerie is an Empath, with supernatural abilities that seem to do nothing more than give her the hots for Lucas. Once upon a time, Empath's had a purpose. They were ambassadors to the Others-Fey, Witches, Werewolves and Vampires. They could settle the emotions of a Werewolf and make Vampires feel again. But that was long ago. Lucas isn't about to let Valerie go. He needs her to help him find the Fey, last seen in the Colony of

Roanoke, South Carolina, circa 1587. He still believes they are the key to restoring balance to the world and the only way to keep vampires under control. They won't trust him, but they will trust Val. Between Jack, Lucas and Rachel, Val knows life won't be dull. Nor will it be the normal, 2.5 kids kind of life she's always wanted. As their enemies close in, Val must ask herself what life is really about-trust, duty or mind-blowing orgasms? And even if she finds the answer, she may not live long enough to enjoy it. Please note-this novel is not YA and has lots of sass, swearing and sex. Not necessarily in that order.

In London for graduate school, Valerie Dearborn draws the attention of Lucas, a 1600-year-old Vampire, who makes her an offer she can't refuse - help him find out if the Others (Empaths, Fey and Werewolves) still exist or he'll stop protecting those she loves.
