Common Sense and Other Writings: Paine, Thomas: Amazon.com ...

Thomas Paine was the first international revolutionary. His *Common Sense* (1776) was the most widely read pamphlet of the American Revolution; his *Rights of Man* (1791-2) was the most famous defence of the French Revolution and sent out a clarion call for revolution throughout the world.

Rights of Man, Common Sense, and Other Political Writings ...

Thomas Paine was the first international revolutionary. His *Common Sense* (1776) was the most widely read pamphlet of the American Revolution--and his *Rights of Man* (1791-2), the most famous defense of the French Revolution, sent out a clarion call for revolution throughout the world. Paine paid the price for his principles: he was outlawed in Britain, narrowly escaped execution in France, and was vilified as an atheist and a Jacobin on his return to America.

Rights of Man, Common Sense, and Other Political Writings ...

Common Sense and other Writings As important a work as any in a library if you believe in freedom and a just government. Paine was one of the great spirits of the 18th century, involved in politics in the USA, Britain and France.

Includes the complete texts of *Common Sense*; *Rights of Man*, Part the Second; *The Age of Reason* (part one); *Four Letters on Interesting Subjects*, published anonymously and just discovered to be Paine's work; and *Letter to the Abbé Raynal*, Paine's first examination of world events; as well as selections from *The American Crises* In 1776, America was a hotbed of enlightenment and revolution. Thomas Paine not only spurred his fellow Americans to action but soon came to symbolize the spirit of the Revolution. His elegantly persuasive pieces spoke to the hearts and minds of those fighting for freedom. He was later outlawed in Britain, jailed in France, and finally labeled an atheist upon his return to America.

A volume of Thomas Paine's most essential works, showcasing one of American history's most eloquent proponents of democracy. Upon publication, Thomas Paine's modest pamphlet *Common Sense* shocked and spurred the foundling American colonies of 1776 to action. It demanded freedom from Britain—when even the most fervent patriots were only advocating tax reform. Paine's daring prose paved the way for the Declaration of Independence and, consequently, the Revolutionary War. For “without the pen of Paine,” as John Adams said, “the sword of Washington would have been wielded in vain.” Later, his impassioned defense of the French Revolution, *Rights of Man*, caused a worldwide sensation. Napoleon, for one, claimed to have slept with a copy under his pillow, recommending that “a statue of gold should be erected to [Paine] in every city in the universe.” Here in one volume, these two complete works are joined with selections from Paine's other major essays, “*The Crisis*,” “*The Age of Reason*,” and “*Agrarian Justice*.” Includes a Foreword by Jack Fruchtman Jr. and an Introduction by Sidney Hook

Thomas Paine is most famous for writing *Common Sense*, a pamphlet distributed during the American Revolution advocating for colonial America's independence from Great Britain. Now, collected here in a beautiful gift book volume, are excerpts from this important historical American document, as well as several of his other writings. This volume is introduced by Alan Dershowitz, Professor of Law, Emeritus at Harvard Law School and a noted civil liberties advocate. Paine believed in more than just freedom in the form of revolution and overthrowing governments. He also believed in freedom from oppressive and organized religions and monopolies. Included in this book are passages taken from *The Age of Reason* and *The Rights of Man*, as well as letters to George Washington, Benjamin Rush, and Samuel Adams, and pamphlets such as “*The American Crisis*” and “*Agrarian Justice*.” Throughout his writings, Paine provides excellent and timeless wisdom on attaining liberty and living a democratic life.

Thomas Paine often declared himself a citizen of the world. This Norton Critical Edition presents Paine and his writing within the transatlantic and global context of the revolutionary ideas and actions of his time. Thomas Paine's loyalties were with universal and self-evident principles rather than with a particular group or nation, and it is this dimension that informed his most important works. This Norton Critical Edition shows how Paine's fury at the British Empire, including its injustices to South Asians and Africans, shaped his first best seller, *Common Sense*, and how his direct involvement with the French Revolution pushed his ideas toward a unique form of democratic radicalism. Together with his rejection of organized religion, Paine's radicalism resulted in his being one of the most hated men in both monarchial Britain and republican America. This volume includes J. M. Opal's introduction, “Thomas Paine and the Revolutionary Enlightenment, 1770s-90s,” which provides essential biographical and historical details across three tumultuous decades. Paine's most important works—from *Common Sense* (1776) through *Agrarian Justice* (1796)—are reprinted and are accompanied by explanatory annotations. Supporting materials include a wide range of documents from the turbulent years following the publication of both *Common Sense* and the Declaration of Independence. These include Pennsylvania's gradual emancipation statute of the 1780s, an ex-slave's impassioned call for revolutionary violence against European imperialists and masters, and a British conservative's witty rejoinder to Paine's vision of a brave new world. Four major interpretations of Paine's work are provided by Nathan R. Perl-Rosenthal, Robert A. Ferguson, Gary Kates, and Gregory Claeys. A Selected Bibliography is also included.

Now in paperback, Paine's essential American writings in authoritative Library of America texts: After a life of obscurity and failure in England,

Where To Download Common Sense And Other Writings Thomas Paine

Thomas Paine came to America in 1774 at age 37. Within fourteen months he published *Common Sense*, the most influential pamphlet of the American Revolution, and began a career that would see him hailed and reviled in the American nation he helped create. In *Common Sense*, Paine sets forth an inspiring vision of an independent America as an asylum for freedom and an example of popular self-government in a world oppressed by despotism and hereditary privilege. *The American Crisis*, begun during "the times that try men's souls" in 1776, is a masterpiece of popular pamphleteering in which Paine vividly reports current developments, taunts and ridicules British adversaries, and enjoins his readers to remember the immense stakes of their struggle. They are joined in this invaluable reader by a selection of Paine's other American pamphlets and his letters to George Washington, Thomas Jefferson, and others.

Thomas Paine's *Common Sense* is one of the most important and often assigned primary documents of the Revolutionary era. This edition of the pamphlet is unique in its inclusion of selections from Paine's other writings from 1775 and 1776 — additional essays that contextualize *Common Sense* and provide unusual insight on both the writer and the cause for which he wrote. The volume introduction includes coverage of Paine's childhood and early adult years in England, arguing for the significance of personal experience, environment, career, and religion in understanding Paine's influential political writings. The volume also includes a glossary, a chronology, 12 illustrations, a selected bibliography, and questions for consideration.

Addressed to the Inhabitants of America, on the Following Interesting Subjects, viz.: I. Of the Origin and Design of Government in General, with Concise Remarks on the English Constitution. II. Of Monarchy and Hereditary Succession. III. Thoughts on the Present State of American Affairs. IV. Of the Present Ability of America, with some Miscellaneous Reflections

Throughout history, some books have changed the world. They have transformed the way we see ourselves—and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives—and destroyed them. Now, Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization, and helped make us who we are. Penguin's Great Ideas series features twelve groundbreaking works by some of history's most prodigious thinkers, and each volume is beautifully packaged with a unique type-drive design that highlights the bookmaker's art. Offering great literature in great packages at great prices, this series is ideal for those readers who want to explore and savor the Great Ideas that have shaped the world. Published anonymously in 1776, six months before the Declaration of Independence, Thomas Paine's *Common Sense* was a radical and impassioned call for America to free itself from British rule and set up an independent republican government. Savagely attacking hereditary kingship and aristocratic institutions, Paine urged a new beginning for his adopted country in which personal freedom and social equality would be upheld and economic and cultural progress encouraged. His pamphlet was the first to speak directly to a mass audience—it went through fifty-six editions within a year of publication—and its assertive and often caustic style both embodied the democratic spirit he advocated, and converted thousands of citizens to the cause of American independence.

Known as the Father of the American Revolution, English-American author Thomas Paine became famous for two pamphlets that inspired the colonists to fight for their independence. *Common Sense*, published in 1776, fostered the idea that the colonists could separate from the tyrannical rule of the British monarchy, and *The American Crisis*, published that same year, encouraged soldiers to fight against the British Army. Paine's later writings included *The Rights of Man* (1791), a series of articles defending the French Revolution and asserting that people should rise up if governments failed to protect their natural rights. His final text, *The Age of Reason* (1794–1796), challenged institutionalized religion and critiqued Christian theology, advocating instead for reason and scientific inquiry. This collection features unabridged editions of all four of the American revolutionary's main pamphlets and writings.

The first book in Chris Colfer's #1 New York Times bestselling series *The Land of Stories* about two siblings who fall into a fairy-tale world! Alex and Conner Bailey's world is about to change forever, in this fast-paced adventure that uniquely combines our modern day world with the enchanting realm of classic fairy tales. *The Land of Stories* tells the tale of twins Alex and Conner. Through the mysterious powers of a cherished book of stories, they leave their world behind and find themselves in a foreign land full of wonder and magic where they come face-to-face with fairy tale characters they grew up reading about. But after a series of encounters with witches, wolves, goblins, and trolls alike, getting back home is going to be harder than they thought.
