Mourning the death of his father and pining for an elusive woman he has loved since childhood, a writer who has lost his latest book in a fire fakes his own death and exiles himself to a small Caribbean island, where unexpected fame reveals the price of his deception. By the author of Everything Matters!

A bold, arresting new work of fiction from the acclaimed author of Everything Matters! and the forthcoming novel The One-Eyed Man (March 2017) In this tour de force of imagination, Ron Currie asks why literal veracity means more to us than deeper truths, creating yet again a genre-bending novel that will at once dazzle, move, and provoke. The protagonist of Ron Currie, Jr.'s new novel has a problem/or rather, several of them. He's a writer whose latest book was destroyed in a fire. He's mourning the death of his father, and has been in love with the same woman since grade school, a woman whose beauty and allure is matched only by her talent for eluding him. Worst of all, he's not even his own man, but rather an amalgam of fact and fiction from Ron Currie's own life. When Currie the character exiles himself to a small Caribbean island to write a new book about the woman he loves, he eventually decides to fake his death, which turns out to be the best career move he's ever made. But fame and fortune come with a price, and Currie learns that in a time of twenty-four-hour news cycles, reality TV, and celebrity Twitter feeds, the one thing the world will not forgive is having been told a deeply satisfying lie. What kind of distinction could, or should, be drawn between Currie the author and Currie the character? Or between the book you hold in your hands and the novel embedded in it? Whatever the answers, Currie, an inventive writer always eager to test the boundaries of storytelling in provocative ways, has essential things to impart along the way about heartbreak, reality, grief, deceit, human frailty, and blinding love.

"Startlingly talented... he survives the inevitable, apt comparisons to Kurt Vonnegut and writes in a tenderly mordant voice all his own." -Janet Maslin, The New York Times In this novel rich in character, Junior Thibodeau grows up in rural Maine in a time of Atari, baseball cards, pop Catholicism, and cocaine. He also knows something no one else knows-neither his exalted parents, nor his baseball-savant brother, nor the love of his life (she doesn't believe him anyway): The world will end when he is thirty-six. While Junior searches for meaning in a doomed world, his loved ones tell an all-American family saga of fathers and sons, blinding romance, lost love, and reconciliation-culminating in one final triumph that reconfigures the universe. A tour de force of storytelling, Everything Matters! is a genre-bending potpourri of alternative history, sci-fi, and the great American tale in the tradition of John Irving and Margaret Atwood.

From the [startlingly talented! (New York Times) author of Everything Matters!a bold and timely novel about a grieving man dedicated to unmasking the role that lies and delusions play in our reactionary times "Nobody writing today walks the knife edge of cynicism and sentiment more bravely, intelligently and confidently than Ron Currie. By turns hilarious and heartfelt, The One-Eyed Man is a revelation, a wonder." --Richard Russo [Dark, tender, and oh-so-timely.]] USA Today Ron Currie's three previous works of fiction have dazzled readers and critics alike with their originality, audacity, and psychological insight. A writer of unique vision and huge imagination, Currie excels at creating complex, troubled, yet endearing characters, and his work has won comparison to everyone from Kurt Vonnegut to George Saunders. K., the narrator of Currie's new novel, joins the ranks of other great American literary creations who show us something new about ourselves. Like Jack Gladney from White Noise, K. is possessed of a hyper-articulate exasperation with the world, and like Ignatius J. Reilly in A Confederacy of Dunces, he is a doomed truth teller whom everyone misunderstands. After his wife Sarah dies, K. becomes so wedded to the notion of clarity that he infuriates friends and strangers alike. When he intervenes in an armed robbery, K. finds himself both an inadvertent hero and the star of a new reality television program. Together with Claire, a grocery store clerk with a sharp tongue and a yen for celebrity, he travels the country, ruffling feathers and gaining fame at the intersection of American politics and entertainment. But soon he discovers that the world will fight viciously to preserve its delusions about itself. How Currie's unconventional hero comes to find peace, to recenter the world, and to be touched again by emotion and empathy makes for a dramatic, utterly memorable story.

The electrifying, "cutting-edge" (USA Today) debut work of fiction from Ron Currie, author of the forthcoming novel The One-Eyed Man (March 2017) Ron Currie's gutsy, funny book is instantly gripping: If God takes human form and dies, what would become of life as we know it? Effortlessly combining outlandish humor with big questions about mortality, ethics, and human weakness, Ron Currie, Jr., holds a funhouse mirror to our present-day world. God has inhabited the mortal body of a young Dinka woman in the Sudan. When she is killed in the Darfur desert, he dies along with her, and word of his death soon begins to spread. Faced with the hard proof that there is no supreme being in charge, the world is irrevocably transformed, yet remains oddly recognizable.

"The protagonist of Ron Currie, Jr.'s new novel has a problem—or rather, several of them. He's a writer whose latest book was destroyed in a fire. He's mourning the death of his father, and has been in love with the same woman since grade school, a woman whose beauty and allure is matched only by her talent for eluding him. Worst of all, he's not even his own man, but rather an amalgam of fact and fiction from Ron Currie's own life. When Currie the character exiles himself to a small Caribbean island to write a new book about the woman he loves, he eventually decides to fake his death, which turns out to be the best career move he's ever made. But fame and fortune come with a price, and Currie learns that in a time of twenty-four-hour news cycles, reality TV, and celebrity Twitter feeds, the one thing the world will not forgive is having been told a deeply satisfying lie."—Provided by publisher.

Traces the world impact of God's descent to Earth in the body of a Dinka woman and His subsequent suffering and death in the Darfur desert, events that profoundly impact every aspect of human life, from warfare and parenting to religious practices and health care. A first novel.

It's September 1999 and the world is on the cusp of a new millennium. In rural Maine, Gordon St. Onge, known as 'The Prophet', presides over his controversial Settlement, a place rumored to be a cult, where his many wives and children live off the grid and off the land. Out in greater America, Bruce Hummer, the aging CEO of multinational corporation Duotron Lindsey, lays off workers by the thousands. Meanwhile, the newest member of the Settlement, fifteen year old Brianna Vandermast, is fired up and ready for change. Divallusioned with the covert local militia, she and other Settlement teens form the True Maine Militia. Putting her visionary ideas into practice, Bree pens 'The Recipe', an incendiary revolutionary document that winds up in the hands of wealthy elites, including Bruce Hammer. When a chance drinking session during an airport layover brings Bruce and Gordon together, Hammer in a confounding moment gives Gordon a mysterious brass key, one turn of which has the potential to make heads roll and spark the unrest that is stirring in Egypt, Maine. As word of 'The Recipe' spreads, myriad factions of anti-corporate revolt from across the country arrive at The Settlement wanting to make Gordon their poster boy. Gordon soon finds himself at the center of an uprising, the effects of which ripple beyond Settlement life. In The Recipe for Revolution Carolyn Chute portrays politics, class, love, and friendship with acuity and complexity, giving us a pulsating, relevant book for today's America.

"A stunning novel of friendship, guilt, and madness: two friends, torn apart by a terrible secret, and the dark adventure that neither of them ever meant to embark upon. It's been ten years since the 'incident,' and Adam has long decided he's better off without his former best friend, Thomas. Adam is working as a tutor, sleeping with the mother of a student, spending lonely nights looking up his ex-girlfriend on Facebook, and pretending that he has some more meaningful plan for an adult life. But when he receives an email from Thomas's mother begging for his help, he finds himself drawn back into his old friend's world, and to the past he's tried so desperately to forget. As Adam embarks upon a magnificently strange and unlikely journey, Ben Dolnick unspools a tale of spiritual reckoning, of search and escape, of longing and reaching for redemption—a tale of near hallucinatory power"—Publisher's web site.

In this suspenseful, tender, and completely absorbing debut set in a perilous post-Katrina New Orleans and cartel-plagued Mexico, two teenagers discover a temporary haven in each other. [The Infinite is that rare, beautiful first novel, so contemporary and yet as timeless as first love itself. And Nick Mainieri does what great novelists do with their first great works. He creates unforgettable characters in young lovers Jonah and Luz who, both together and alone, navigate the rushing river of the borderlands that mark our two Americas. The Infinite is a heart song, and Nicholas Mainieri is one of our next great storytellers.]]Joseph Boyden, author of The Orenda and Three Day Road Jonah McBee has deep roots in New Orleans, but with hardly any family left, he half-heartedly is planning to enlist in the army after high school. Luz Hidalgo, an undocumented Latina and budding track star, followed her father there after Hurricane Katrina. Both have known loss. Both are struggling to imagine a new future. And when Jonah and Luz fall in love, it is intense, addictive, and real. But everything changes when Luz discovers that she's pregnant. In a moment of panic, her father sends Luz back to Mexico so her grandmother can help raise the baby. Devastated, Jonah decides to take a road trip with his best friend when he doesn't hear from her. Little does Jonah know, Luz is fighting for her life. Her trip has been cut short by a shocking act of violence, thrusting her into the endless cycle of bloodshed perpetrated by the cartels. So Luz does what she does best: She runs. And she goes farther and deeper than she ever imagined. A breathtaking portrait of post-Katrina New Orleans and a riveting descent into Mexico's drug war, The Infinite is an utterly unique debut novel about the borders that divide us/and the truths that unite us.
