n todays economic climate, many people are looking to extend their homes rather than move house, but getting the builders in can be a recipe for disaster. This best-selling manual will show you how to stay firmly in control, resulting in a high-quality extension, completed on time and within budget. This new edition will include all the up-to-date

Most of us would love to design and build our own home. In fact, more people than ever are doing precisely this. But how exactly do you go about it? How much of the building work should you do yourself? This manual explains the entire process in plain English, backed up with hundreds of color photos showing real self-build projects taking shape. Each chapter is devoted to a key stage of the build from the foundations right through to snagging and completion. Whether you tackle some of the works yourself, or employ architects and contractors, this step-by-step guide will show you how to stay firmly in control, get to grips with the latest planning and building regulations, and complete your project on time and within budget.

Whether you plan to employ a building contractor or tackle some of the works yourself, this manual will show you how to stay firmly in control, resulting in a high-quality extension

If you are thinking of improving your home but want the real story of how to be successful, this richly illustrated and completely up-to-date book is for you. It distils various practical information needed to run a project from dream to reality, highlighting the pitfalls along the way and suggesting ways to avoid them. Peppared with inspirational case studies and giving indications of costs and timescales, Home Extension Design demystifies both the building process and all the surrounding issues to do with design, sustainability, budgeting, planning, regulations and the use of building contracts.The comprehensive guidance includes chapters on making the best of what you've got, designing the changes to your home, types of house alteration projects (including extensions, loft conversions and basements), submitting applications to the local authority, and getting the building work done.

Adding an extension to a house is one of the most popular forms of home-improvement, and this comprehensive book will assist anybody planning such a project, whether they plan to build it themselves or to employ contractors. It presents a step-by-step guide and covers all the points of 'good building practice' that must be observed during construction to ensure that the quality of the building work meets a high standard. From the initial plans and planning applications, through to finding contractors and building materials, managing the different stages, and completing the work and tying up any loose ends, this book provides invaluable guidance and helps the reader to avoid the many pitfalls that await the unprepared and unsuspecting.

Our brand new Eyelash Extension Training Manual is jam packed with up to date information about the eyelash extension industry. We break down the most popular eyelash extension application techniques, the different materials used, the importance of the consultation process, potential health risks, including eye diseases and how to prevent the spread of infection. There is also some great information regarding humidity levels, drying times, proper glue storage techniques and the Eyelash Extension Aftercare Process and what your clients can do to ensure maximum lash retention. Some other topics include: How to store your Fast Drying Glues for maximum freshness, How to care for a client who returns with a severe allergic reaction, AND SO MUCH MORE! This Eyelash Extension Training Manual has the most up to date, useful and important information pertaining to the eyelash extension industry. A must have for an eyelash professional or someone just starting out. A great tool to use in an eyelash extension training program or to have around your eyelash salon just in case!

The most complete home improvement manual on the market, this newly updated edition of Ultimate Guide to Home Repair and Improvement offers thousands of photos, 800 drawings, and understandable, practical text. Readers will find essential instruction on plumbing and electrical repairs, heating and cooling, roofing and siding, cabinets and countertops, and more. Information is also provided on tools, materials, and basic skills, plus 325 step-by-step DIY projects with how-to photo sequences. The Ultimate Guide to Home Repair and Improvement also includes a remodeling guide and a resource guide. Top to bottom, inside and out, this is the single, ultimate resource book for home projects and repairs. New edition includes current code updates and changes, as well as information on USB outlets, AFCI/GFCI breakers, and tankless water heaters.

Practical, easy-to-follow guide tells how to select, prepare, and can fruits, vegetables, poultry, red meats, and seafoods; how to preserve fruit spreads, fermented foods, and pickled vegetables; and much more.

I wrote this book for licensed cosmetologists and estheticians because I noticed a serious lack of training available to people that really wanted to learn the art of proper classic eyelash extensions application. After graduating from the New York Institute of Esthetics, becoming a New York State licensed Esthetician, a certified classic and volume lash specialist, and starting my own lash and skincare business, I wanted to change this. So, in 2017, I created Lash Out Academy to provide the best classic lash extension application training available anywhere. Lash Out Academy provides the most in-depth training available anywhere in the industry. As a Certified Lash Extension Artists, my goal has always been to give my clients the stunning lashes they've always wanted, while maintaining the health of their natural lashes.Eyelash extension application isn't just about placing the extension on the lash - it's about creating a look and style specific to each client in a way that will not compromise their health.I believe lashing is an art. I teach others the art of applying eyelash extensions in a fun and relaxed setting. I offer my training in two formats for your convenience.If you live in the greater Buffalo, New York area, I offer one-on-one private training from my studio. This training is conducted over two full days, learning basic to advanced techniques.I guide you through each step, so you fully understand the entire eyelash application process.You'll be able to apply eyelash extensions successfully, with confidence, and a creative edge. If you're looking for a more convenient option that enables you to learn from the comfort of your own home, I offer the same training online.This is a great option if you work independently and have the self-discipline to practice what you've learned. Since you'll have lifetime access to this online training site, you can revisit the training anytime you wish.You'll leave not only with a "Certificate of Training" but the knowledge and skills needed to truly succeed. All my students receive my continued email and phone support. Need help signing up? No problem. I'll do it for you - just send me an email at trishamurphy21@yahoo.com. OR CALL (585) 300.9824 for any questions related to this Classic Lash Extension Training Course.Enjoy the book!
