How friendly is too friendly? What does it mean to be a "sister, in all purity"? The Botkin sisters offer enduring biblical principles that can make guy-girl relationships all much simpler.

Every facet of your being—physical, mental, and spiritual—has the capacity to bring joy and fulfillment to your everyday life. By bringing your talents, skills, values, purpose, energy, and style in sync with the external world, you will be thriving and loving every minute of it. *It's Not That Complicated* will walk you through the simple process of releasing pieces of your life that hold you back while simultaneously discovering ways to move forward towards a more fulfilling one. Jan L. Bowen will help you develop a Personal Template of Daily Practices, a Structure of Tactics, and a Bundle of Exceptional Resources to not only realize your purpose, strengths, and passions, but to use them to sustain healthy alignment as your life changes.

Chas Rawlings's *It Really Is That Complicated* is an often personal, indeed intimate, and sometimes hilarious ride from start to finish through the byways and mazes of men's and women's relationships. He guides through the fits and starts—some of the latter false starts—that characterize the dating game, especially with modern-day dating services. He lays out what he calls the horrors of marriage in the degeneration of romance and eroticism into the battle of the sexes in more mundane but often deal-breaking power struggles over control, money, and property. He elaborates on Tolstoy's notion that even this supposedly most sanctified of unions is a form of prostitution—women dispensing sex in return for material gain and security. At the same time, he asks good old Freud's notorious question "My God, what does woman want," since so many of them flee the very rewards they desire along with the generous, often attractive, and accomplished guys who proffer them. He takes us into what in Victorian times was dubbed "My Secret Life," the alleyways of escorts who offer up not only sex but also the companionship and even the no-strings intimacy men crave. Well, for a while at least—until the courtesan gets conflicted and crazy herself. And, despite all of this mayhem, Dr. Rawlings urges us all, men and women, to take risks and hurl ourselves into the fray, implicitly asserting that it is better to "have loved and lost than never to have loved" ... and lived. "Good fun, a great read, and edifying to boot!" John Munder Ross, PhD Author, *The Sado-masochism of Everyday Life* Coauthor of *Tales of Love, Sex and Danger*

In the new knowledge economy, traditional modes of thinking are no longer effective. Compartmentalizing problems and solutions and assuming everything can be solved with the right formula can no longer keep pace with the radical changes occurring daily in the modern business world. *It's Not Complicated* offers a paradigm shift for business professionals looking for simplified solutions to complex problems. In his straightforward and highly engaging style, Rick Nason introduces the principles of "complexity thinking" which empower managers to understand, correlate, and explain a diverse

range of business phenomena. For example, why some new products go viral while others remain unnoticed, how office cliques develop despite collaborative work policies and spaces, how economic bubbles form, and how an unknown retiree foiled one of the most carefully planned product launches ever with a single letter to the editor of his local newspaper. Rather than consider complicated and complex as interchangeable terms, Rick Nason explains what complexity is, how it arises, and the errors in solving complex situations with complicated thinking. *It's Not Complicated* provides managers with fresh, counterintuitive, and actionable models for dealing with challenging business problems.

Loving freely in a world filled with social constraints can get complicated. Many straight men are down on having a secret relationship with someone like Stash Burcell, but not out in the open. Living in such a close-minded society makes it hard for him to find someone he can trust, let alone surrender his heart to. Anthony Charles Eisemann has only ever been out with women, though secretly he'd always been drawn to androgynous femme men who looked and dressed like women. When Anthony meets Stash, their lives take a sudden turn from complicated to dangerous.

"*It's Not Complicated!* captures Ms. Hunter's forty years of experience on the frontlines, offering indispensable advice for administrators, teachers, parents, and concerned citizens about how best to serve the literacy needs of students of color. Hunter addresses twelve pivotal points and practices that encourage successful reading -- from reading comprehension to Response to Intervention to oral language development and family involvement -- that every educator who works with a diverse student population should understand."--Page 4 of cover.

Every person on the planet has experienced loss; that's a brutal fact of life. But in these darkest times, we are presented with much more than just grief; we are given the opportunity to learn, heal, and grow. When you reach a place where you can view setbacks as reminders to appreciate the good things in your life, you have taken the first step to owning your destiny as a happier, more joyful, and more successful person. Carlos Wallace, president and CEO of entertainment management firm Sol-Caritas, has known his share of sadness and loss. In those times, he goes back to the lessons he learned from his parents and grandparents. From their hardship, he draws inspiration for strength. In their history, he finds encouragement for his future. The answers you're looking for are within reach. Perhaps the solution to your problem has already been revealed to you, but how will you know where to find the answers? When things spin out of control and you lose direction, these lessons can help you. Life really isn't all that complicated. People, on the other hand, are. No matter how long it takes to get to where you need to be, as long as you take that first step, you'll be further along than if you did nothing at all.

This book helps to answer questions that just about every believer has had at some point in their life.

Do you find yourself restless and distracted by the hustle and bustle of the modern world? Have you sought comfort in possessions and acclaim only to be disappointed by their emptiness? If so, you are not alone. *The Everything Zen Book* introduces you to thousands of years of ancient teachings that can help you achieve inner peace and unity with the world around you. Whether you are at home or in the office, this easy-to-follow guide shows you how to apply ancient Zen principles to every area of your life—from relationships and your career to artistic expression and your health.
