"The Answers Man" is an epic love story and a wide-ranging suspense novel that will charm you into an enchanted yet very real world where at least one man can do magic . . . and some wondrous things spring from that magic. It's a story where money can materialize out of thin air, where frisbees and whiskey sour glasses might levitate, and where a very alluring Museum of The Gods out in the desert of New Mexico becomes the nexus of a saga that sprawls over the 1970s, '80s and '90s. As one reader has written: "A world of fascination, joy and heartache with galloping plot and languid rumination,

sweeping scope and intricate connections, playful befuddlement and razor-sharp insight. . . "

'What is it, Gran?' Peter demanded, pulling urgently at her sleeve. 'What's the matter?' Meg didn't answer. She was staring down at the book they had been reading together, a shocked expression on her face. For there on the page she had just turned was a picture of the thing itself. Not a photograph, naturally, that would have been impossible. This was merely an artist's impression. Still, there was no mistaking what she was looking at: the self same creature she had encountered all those years before, when she had been not much older than Peter. What a long time ago that was! Over forty years, and in all that time she hadn't mentioned what she had seen to anyone. She had thought about it often enough, though. And now, confronted by the creature once more, here in the pages of a book, she almost felt that the long years had never passed. Those ancient eyes, gazing up at her from the painting, seemed to plunge her back in time, back to the lonely country road which ran between school and her grandmother's farm. It was as if she were actually there, surrounded by the sounds and smells of the bush; as if she were a fourteen-year-old girl once more, hurrying through the dusk towards that first unsettling moment of contact ... The 'creature' referred to here is a marsupial leopard. Is it real, or a figment of the imagination?

Coming of age has been a playful and intriguing experience for Jeremy Wilcamp and Stevie Stockton. Even within the confines of a rigid educational system, Jeremy and Stevie are having fun. But their happy advance into adolescence is about to be halted when they are confronted by bullies. One day is going to change everything when six kids scheme to bully, molest and humiliate these two best friends. Jeremy and Stevie are fourteen-year-old, eighth grade students at a Catholic grammar school in 1958. They have very different family dynamics. Steve's parents cherish him, while Jeremy's mother resents him because he wasn't the daughter she always wanted. When Brad Maddox, the class bully, picks on Jeremy and taunts him in the boy's bathroom at school, Steve jumps to Jeremy's defense and gives Brad the beating of his life in front of half the boys in the class. Now, Steve and Jeremy are facing an avalanche of problems. Sister Sulpicia, the school principal, is all over them about the fight and threatening to intervene in Jeremy's family where she senses conflict between Jeremy and his parents. Brad and five of his high school buddies are going to gang up on Steve and Jeremy at an upcoming initiation event. This is a heartwarming and heartrending tale in which the quiet complacency of every character with their lives and their beliefs is going to be shattered by an unstoppable progression of events.
