Schama In *Landscape and Memory*, award-winning author Simon Schama ranges over continents and centuries to reveal the psychic claims that human beings have made on nature. He tells of the Nazi cult of the primeval German forest; the play of Christian and pagan myth in Bernini's Fountain of the Four Rivers; and the duel between a monumental sculptor and a feminist ...

Landscape and Memory is a long book. It is hard not to be impressed by the sheer number of pages Simon Schama can put out. And his subject matter - the cultural perception of landscape and its use in national discourses - is one I enjoy.

The landscape is a work of the mind, argues Schama, another compartment in the cultural baggage we all lug about. The scenery is built up as much from strata of memory as from layers of rock, shaped by the same rich and complex traditions that frame other aspects of our cultural world.

As usually, Schama proves to be a great thinker and a great writer. Knowing that he also teaches Art History, I expected this book of his to contain his thoughts about painted landscapes.... I had to realise it is FAR from it. All about his ancestors life in the wild, rather frightening dark woods of the baltic countries.

For the most part, Schama concentrates on landscape painting (European art of the late Middle Ages and early Modern Era is one of his specialties), and by the time the book is done, you get the sense that you've been through a high level course on the subtleties of landscape art.

Explores the treasury of myths that have transformed the landscape of Western culture.

This book examines our relationship with the landscape around us - rivers, mountains, forests - the impact that each of them has had on our culture and imaginations, and the way in which we, in turn, have shaped them to suit our needs.

An extraordinary book that explores how the earth itself has shaped the Western imagination and how, as a result, our interaction with the environment is far richer and more complex than today's doomsayers would have us believe.

the American War of Independence reaches its climax, a plantation slave and a British Naval Officer embark on an epic journey in search of freedom. Divided by barriers of race but united in their ambitions for equality, their convictions will change attitudes towards slavery forever. Sweeping from the Deep South of America to the scorched earth of West Africa, *Rough Crossings* is a compelling true story that marks the 200th anniversary of the abolition of the slave trade in the British Empire. *Rough Crossings* was staged by Headlong Theatre Company which opened at Birmingham Rep in September 2007 and toured the Lyric Hammersmith, Liverpool Playhouse and West Yorkshire Playhouse.

This text considers landscape not simply as an object to be seen or a text to be read, but as an instrument of cultural force, a

Schama central tool in the creation of national and social identities. This edition adds a new preface and five new essays.

Like his *The Embarrassment of Riches* and the bestselling *Citizens*, Simon Schama's latest book is both history and literature of immense stylishness and ambition. But *Dead Certainties* goes beyond these more conventional histories to address the deeper enigmas that confront a student of the past. In order to do so, Schama reconstructs -- and at times reinvents -- two ambiguous deaths: the first, that of General James Wolfe at the battle of Quebec in 1759; the second, in 1849, that of George Parkman, an eccentric Boston brahmin whose murder by an impecunious Harvard professor in 1849 was a grisly reproach to the moral sanctity of his society. Out of these stories -- with all of their bizarre coincidences

and contradictions -- Schama creates a dazzling and supremely vital work of historical imagination.

"Great art has dreadful manners," Simon Schama observes wryly at the start of his epic and explosive exploration of the power, and whole point, of art. "The hushed reverence of the gallery can fool you into believing masterpieces are polite things; visions that soothe, charm and beguile, but actually they are thugs. Merciless and wily, the greatest paintings grab you in a headlock, rough up your composure, and then proceed in short order to re-arrange your sense of reality. . . ." With the same disarming force, *The Power of Art* propels us on an eye-opening, breathtaking odyssey, zooming in on eight extraordinary masterpieces, from Caravaggio's *David and Goliath* to Picasso's *Guernica*. Jolting us far from the

comfort zone of the hushed art gallery, Schama closes in on intense make-or-break turning points in the lives of eight great artists who, under extreme stress, created something unprecedented, altering the course of art forever. The embattled heroes—Caravaggio, Bernini, Rembrandt, David, Turner, Van Gogh, Picasso and Rothko—each in his own resolute way, faced crisis with steadfast defiance, pitting passion and conviction against scorn and short-sightedness. The masterpieces they created challenged convention, shattered complacency, shifted awareness and changed the way we look at the world. With vivid storytelling and powerfully evocative descriptive passages, Schama explores the dynamic personalities of the artists and the spirit of the times they lived through, capturing the flamboyant theatre of bourgeois life in Amsterdam, the passion and paranoia of Revolutionary

Paris, and the carnage and pathos of Civil War Spain. Most compelling of all, The Power of Art traces the extraordinary evolution of eight "eye-popping" world-class works of art. Created in a bolt of illumination, such works "tell us something about how the world is, how it is to be inside our skins, that no more prosaic source of wisdom can deliver. And when they do that, they answer, irrefutably and majestically, the nagging question of every reluctant art-conscript . . . 'OK, OK, but what's art really for?'"

Describes the cultural and social milieu of seventeenth-century Holland, where, despite great material wealth and general prosperity, an "anxiety of superabundance" permeated all aspects of the culture
