The language is easy to pick up, but you need to do more than just learn the basics; to get a job, you need to have a strong understanding of some pretty complex processes. Python is a general-purpose language, which means it isn't used for just one purpose such as Web development. Rather, it's used in many different industries, and the ...

Learning Enough Python to Land a Job - Dice Insights

Simply put, Learn Just Enough to Get Laid is a debilitating vehicle that is likely to corrode the moral construct of our society. It is quite the antithesis of what we, as educators, strive to do. In addition, as someone with higher degrees in Philosophy and Sociology, the idea of learning only JUST enough is repugnant! Just enough is Not enough.
