The spine may show signs of wear.**

Combining musical insight with the most recent research, William Kinderman's Beethoven is both a richly drawn portrait of the man and a guide to his music. Kinderman traces the composer's intellectual and musical development from the early works written in Bonn to the Ninth Symphony and the late quartets, looking at compositions from different and original perspectives that show Beethoven's art as a union of sensuous and rational, of expression and structure. In analyses of individual pieces, Kinderman shows that the deepening of Beethoven's musical thought was a continuous process over decades of his life. In this new updated edition, Kinderman gives more attention to the composer's early chamber music, his songs, his opera Fidelio, and to a number of often-neglected works of the composer's later years and fascinating projects left incomplete. A revised view emerges from this of Beethoven's aesthetics and the musical meaning of his works. Rather than the conventional image of a heroic and tormented figure, Kinderman provides a more complex, more fully rounded account of the composer. Although Beethoven's deafness and his other personal crises are addressed, together with this ever-increasing commitment to his art, so too are the lighter aspects of his personality: his humor, his love of puns, his great delight in juxtaposing the exalted and the commonplace.

" "Must" reading for any pianist concerned with Beethoven's music, which is to say almost every pianist alive." —William Rothstein, Musical Times

The Quest for Meaning explores the deep-seated human need to create a life that is meaningful. In an effort to understand this need, author William Cooney examines the works of philosophers from Plato to Sartre as well as the insights of artists, poets, writers, psychologists, and film-makers. He discusses the nature of humanness, creation, freedom, and choice, all of which are facets of a meaningful life. Cooney also addresses postmodernism, arguing that it does not offer real guidance for those seeking a life of significance. Maintaining that some ways of creating meaning are preferable to others, he concludes that it is up to each individual to craft a meaningful life and that this process must take place within a context of giving and receiving.
