than creation as found in Genesis. Fossils are evidence for evolution. The Genesis account is fully compatible with evolution. These questions need answers! What exactly is the difference between evolution right and evolution wrong? Is it possible to bend Genesis to fit evolution? How can one defend belief in a six-day creation from the onslaughts of the evolutionists? How about any questions you have? This book is a must for any Christian about to enter a public high school or university. Accepting evolution as true is the basis for three of the ten reasons Christians give up saving faith. It is time for you to arm yourself with the truth and stand your ground logically, philosophically, scientifically, and most important biblically! Ready? Let ' s go!
