Still the South.

In her witty, southern-fried suspense novels, Sarah Shankman delivers nonstop action with a hilarious bite. Now she sends her acclaimed, irreverent heroine -- New Orleans writer Samantha Adams -- to a southwestern New Age hot spot, to unearth a secret past that was supposed to be six feet under. My dearest Sugar. I must see you. It's urgent. I need your help. The letter that arrived from Sam's mother was postmarked Santa Fe, penned in her mother's handwriting, and disclosed details only Johanna Adams could know. There was just one catch: Johanna Adams had been dead for thirty-four years. The mind-blowing missive could have been an entry from Sam's latest book of bizarre anecdotes, *American Weird* -- or an elaborate hoax. Either way, it instantly rekindled Sam's impossible wish that her mother hadn't really died in a plane crash when Sam was a child. Fueled by her journalistic instincts -- and a daughter's need for

closure -- Sam touches down among Santa Fe's tourists and crystal gazers, jewelry shops and fast-food stands. But only when she summons the courage to knock on the door of Room 409 at the La Fonda Hotel does her surreal, mother-seeking adventure take off with no turning back.

Written by the President and CEO of the Institute for Healthcare Improvement (IHI) and a leading health care journalist, this groundbreaking book examines how leading organizations in the United States are pursuing the Triple Aim—improving the individual experience of care, improving the health of populations, and reducing the per capita cost of care. Even with major steps forward – including the Affordable Care Act and the creation of the Center for Medicare and Medicaid Innovation -- the national health care debate is too often poisoned by negativity. A quieter, more thoughtful, and vastly more constructive conversation continues among health care leaders and professionals throughout the country. Innovative solutions are being designed and implemented at the local level, and countless health care organizations are demonstrating breakthrough remedies to some of the toughest and most expensive challenges in health care. Pursuing the Triple Aim shares compelling stories that are emerging in locations ranging from Pittsburgh to Seattle, from Boston to Oakland, focused on topics including improving quality and lowering costs in primary care; setting challenging goals to control chronic disease with

notable outcomes; leveraging employer buying power to improve quality, reduce waste, and drive down cost; paying for care under an innovative contract that compensates for quality rather than quantity; and much more. The authors describe these innovations in detail, and show the way toward a health care system for the nation that improves the experience and quality of care while at the same time controlling costs. As the Triple Aim moves from being largely an aspirational framework to something that communities all across the US can implement and learn from, its potential to become a touchstone for the work ahead has never been greater. Pursuing the Triple Aim lays out the vision, the interventions, and promising examples of success.

It seems that much of American Christianity has lost sight of the goal of growing to maturity in Christ. This loss of vision has had serious consequences for the quality of our witness and ministry. In *Aiming at Maturity*, Steven W. Rankin seeks to bring back into focus key qualities of spiritual maturity and summarizes important biblical passages to show the scriptural foundations that call for spiritual maturity. Rankin also addresses certain tendencies in popular Christian culture to reduce doctrinal truths to sound bites with the laudable but counterproductive goal to make doctrine memorable, therefore applicable. Thinking more expansively about certain key doctrines related to the work of Christ and the impact of grace contributes to growth toward maturity in a way that popular descriptions of these doctrines do not. Finally, Rankin also challenges readers to consider the important role of emotions in developing Christlike dispositions, which

contribute toward producing the fruit of a mature Christian life. By looking at relevant modern research, Aiming at Maturity shows the inherent connection between thoughts and feelings that draw us closer to the actual biblical description of the heart.
