More than 100,000 entrepreneurs rely on this book for detailed, step-by-step instructions on building successful, scalable, profitable startups. The National Science Foundation pays hundreds of startup teams each year to follow the process outlined in the book, and it's taught at Stanford, Berkeley, Columbia and more than 100 other leading universities worldwide. Why? The Startup Owner's Manual guides you, step-by-step, as you put the Customer Development process to work. This method was created by renowned Silicon Valley startup expert Steve Blank, co-creator with Eric Ries of the "Lean Startup" movement and tested and refined by him for more than a decade. This 608-page how-to guide includes over 100 charts, graphs, and diagrams, plus 77 valuable checklists that guide you as you drive your company toward profitability. It will help you:

- Avoid the 9 deadly sins that destroy startups' chances for success
- Use the Customer Development method to bring your business idea to life
- Incorporate the Business Model Canvas as the organizing principle for startup hypotheses
- Identify your customers and determine how to "get, keep and grow" customers profitably
- Compute how you'll drive your startup to repeatable, scalable profits.

The Startup Owner's Manual was originally published by K&S Ranch Publishing Inc. and is now available from Wiley. The cover, design, and content are the same as the prior release and should not be considered a new or updated product.

A vital resource for pilots, instructors, and students, from the most trusted source of aeronautic information.

Epi Info is a free computer program from the Centers for Disease Control and Prevention(CDC), downloaded 2 million times since 1998, and referred to in over 1 million web pages. It allows anyone with a computer to design a questionnaire, enter data, and do tabulation and statistical analysis. This book tells how to use Epi Info for rapid surveys and research studies and for constructing electronic medical records, public health surveillance systems. graphs, and maps. Sample programs can be downloaded from the web.

Written for teachers or parents of young children, Singing Lessons for Little Singers offers exciting songs and exercises based on proven pedagogical principles and healthy vocal technique for use in solo or group voice lessons. This revolutionary method was created to fill the great void of private singing lesson materials for children: it combines a system of voice-developing exercises with an ear-training and sight-singing course and a collection of enjoyable songs with entertaining lyrics and delightful illustrations. This powerful, comprehensive method has had great success in developing advanced singing skills, as well as creating many satisfying experiences for students.
