Pure is book two in the Covenant series by Jennifer Armentrout. I love writing my review right after I finish reading a book when my emotions are all still swirling. And right now, let me tell you, my emotions are all over the place. Alex has been allowed to stay at the Covenant and start the new semester and continue her training.

Jennifer L Armentrout delivers again with this superb 2nd installment in the Covenant series. Pure is brilliant and I highly recommend reading. We see a lot more of Seth in this book and watch a bond of sorts build between our main character Alex & Seth.

Being destined to become some kind of supernatural electrical outlet isn't exactly awesome--especially when Alexandria's other half is everywhere she goes. Pure (Covenant #2) (28)Jennifer L. Armentrout. Pure (Covenant #2) (28) There wasn't anything for me to do besides go back to my room, and I'd rather shove my head in an oven then go back there. Jennifer is amazing and this ability of hers to mix romance with action and a dynamic plot is killing me!"Pure" is the second book from the Covenant series and although it was not as good as the first one, it had its moments of greatness that were fantastic and breath-taking, not to mention that I love Alex and Aiden as a couple :) Alex is dealing with her "second Apollyon" status and this implies having Seth all around her kind like 24/7.

Originally published April 2012 There is need. And then there is Fate... Being destined to become some kind of supernatural electrical outlet isn't exactly awesome--especially when Alexandria's "other half" is everywhere she goes. Seth's in her training room, outside her classes, and keeps showing up in her bedroom--so not cool. Their connection does have some benefits, like staving off her nightmares of the tragic showdown with her mother, but it has no effect on what Alex feels for the forbidden, pure-blooded Aiden. When daemons infiltrate the Covenants and attack students, the gods send furies--lesser gods determined to eradicate any threat to the Covenants and to the gods, and that includes the Apollyon... and Alex. And if that and hordes of aether-sucking monsters didn't blow bad enough, a mysterious threat seems willing to do anything to neutralize Seth, even if that means forcing Alex into servitude... or killing her. When the gods are involved, some decisions can never, ever be undone.

The unforgettable second novel in the acclaimed Covenant series from #1 New York Times bestselling Jennifer L. Armentrout. Includes a special bonus scene from Seth's point of view. Enter the world of Covenant... For Alexandria, being destined to become some kind of supernatural electrical outlet isn't exactly awesome - especially when her 'other half' is everywhere she goes. Seth's in her training room, outside her classes, and keeps showing up in her bedroom - so not cool. Their connection does have some benefits, like staving off her memories of the tragic showdown with her mother, but it has no effect on what Alex feels for the forbidden, pure-blooded Aiden. When daemons infiltrate the Covenants and attack students, the gods send furies - creatures determined to eradicate any threat to the Covenants and to the gods... and that includes Alex. If that and hordes of aether-sucking monsters weren't bad enough, a mysterious threat seems willing to do anything to neutralize Seth, even if that means forcing Alex into servitude... or killing her.

HALF-BLOOD is the unputdownable first book in the acclaimed Covenant series from #1 New York Times bestselling Jennifer L. Armentrout. This special paperback edition also includes the prequel novella DAIMON. The Hematoi descend from the unions of gods and mortals, and the children of two Hematoi - pure-bloods - have godlike powers. Children of Hematoi and mortals - well, not so much. Half-bloods only have two options: become trained Sentinels who hunt and kill daemons or become servants in the homes of the pures. Seventeen-year-old Alexandria would rather risk her life fighting than waste it scrubbing toilets, but she may end up slumming it anyway. There are several rules that students at the Covenant must follow. Alex has problems with them all, but especially rule #1: Relationships between pures and halves are forbidden. Unfortunately, she's crushing hard on the totally hot pure-blood Aiden. But falling for Aiden isn't her biggest problem - staying alive long enough to graduate the Covenant and become a Sentinel is. If she fails in her duty, she faces a future worse than death or slavery: being turned into a daimon, and being hunted by Aiden. And that would kind of suck.

Enter the world of Covenant... Alexandria's eighteenth birthday - and her Awakening - is approaching. If she even makes it. A long-forgotten, fanatical order is out to kill her and, if that isn't freaky enough, Alex is guarding a dark secret, too. If anyone finds out what she did, she's a goner - and so is Aiden. Alex still has feelings for Aiden, even though he's a pure-blood...and therefore forbidden. Meanwhile, she's been 'training' with her fellow Apollyon Seth - though really that's just Seth's code word for some up-close-and-personal time. After every session Alex ends up with another mark of the Apollyon, which brings her one step closer to her Awakening ahead of schedule. Awesome. But as Alex's birthday draws near, her entire world is shattered by a startling revelation. Once the gods have revealed themselves and unleashed their wrath, lives will be irrevocably changed - and destroyed. Those left standing will find out if love is truly greater than fate.

The spellbinding fourth novel in the acclaimed Covenant series from #1 New York Times bestselling Jennifer L. Armentrout. Enter the world of Covenant... Alex has Awoken and become the Apollyon. She has connected with Seth and now the thing she feared most has happened: her true self has been lost. But love is stronger than fate, and Aiden St. Delphi will do anything to break the connection and get Alex back. And then there's the fact that the whole Alex-and-Seth combination is pretty dangerous: if Seth drains Alex of her power, he'll become the God Killer and the most powerful being on the planet. The one person needed to stop the impending destruction has been dead for centuries - and Alex will have to search for him in the Underworld. Finding her way into the Underworld to search for one soul among countless millions will be hard enough. Returning will be even harder. Alex needs to prevent Seth from becoming the God Killer...but the cost will be higher than she ever imagined.

The thrilling conclusion to the epic Covenant series from New York Times bestselling author Jennifer L. Armentrout. As the mortal world slowly slips into chaos, Alexandria Andros must overcome a devastating defeat that has left her shaken and in doubt that the war against the gods will ever come to an end. There are many obstacles standing between Alex and her happily-ever-after with Aiden St. Delphi, and now Alex and Aiden face their greatest challenge yet: they must trust a deadly foe as they travel deep into the Underworld to release one of the most dangerous gods of all time. In the shattering, action-packed climax to the series, Alex must make a terrible choice: the destruction of everything and everyone she holds dear... or the end of her own life.

St Vladimir's Academy isn't just any boarding school - hidden away, it's a place where vampires are educated in the ways of magic and half-human teens train to protect them. Rose Hathaway is a Dhampir, a bodyguard for her best friend Lissa, a Moroi Vampire Princess. They've been on the run, but now they're being dragged back to St Vladimir's where the girls must survive a world of forbidden romances, a ruthless social scene and terrifying night time rituals. But most of all, staying alive.

Aiden St. Delphi will do anything to save Alex. Even if it means doing the one thing he will never forgive himself for. Even if it means making war against the gods. The incredible must-read novella told from Aiden's perspective, picking up where the nail-biting ending of DEITY left off...

For three years, Alexandria has lived among mortals - pretending to be like them and trying to forget the duty she'd been trained to fulfil as a child of a mortal and a demigod. At seventeen, she's pretty much accepted that she's a freak by mortal standards... and that she'll never be prepared for that duty. According to her mother, that's a good thing. But as every descendent of the gods knows, Fate has a way of rearing her ugly head. A horrifying attack forces Alex to flee Miami and try to find her way back to the very place her mother had warned her she should never return - the Covenant. Every step that brings her closer to safety is one more step toward death... because she's being hunted by the very creatures she'd once trained to kill. The daemons have found her.

From the New York Times bestselling author of the Covenant and Lux series comes the second novel in the pulse-pounding, electric Titan series. In The Return, Seth and Josie's story ended on the ultimate cliffhanger. Now, things are about to get even more dangerous... The Covenant University has become the frontline for the escalating violence between pure-bloods and half-bloods. War between the races seems inevitable, and it couldn't come at a worse time. Seth must prepare Josie for battle, which means teaching her how to control her newfound demigod abilities...and they need to find and rescue the other demigods before their enemies - the Titans - find them first. Only one thing is more dangerous than a bunch of starved Titans, and that's an out-of-control Apollyon in the form of Seth. The aether in Josie is drawing Seth in deeper, and when lust mixes with love and gives way to power, he knows being close to her is becoming explosively dangerous. But letting her go requires a level of selflessness that just isn't Seth's style. When the danger from the Titans erupts with devastating consequences, the dark allure of power calls to Seth again - but this time, Josie may not be able to pull him back from the brink...
