This is one in a series of manuals for car or motorcycle owners. Each book provides information on routine maintenance and servicing, with tasks described and photographed in a step-by-step sequence so that even a novice can do the work.

Modern introduction to theory of coding and decoding with many exercises and examples.

Haynes offers the best coverage for cars, trucks, vans, SUVs and motorcycles on the market today. Each manual contains easy to follow step-by-step instructions linked to hundreds of photographs and illustrations. Included in every manual: troubleshooting section to help identify specific problems; tips that give valuable short cuts to make the job easier and eliminate the need for special tools; notes, cautions and warnings for the home mechanic; color spark plug diagnosis and an easy to use index.

This paperback edition of The Magic Thief: Home, the fourth book in the acclaimed Magic Thief series, finds new wizard Conn back where he started—accused of being a thief. Despite successfully securing a balance between the competing magics of Wellmet, Conn is not happy. Duchess Rowan has promoted him to ducal magister, but the other wizards only see him as a thief. Something sinister is brewing, as magicians’ locus stones are being stolen and magical spells are going awry. As Conn faces old enemies and powerful magical forces, is he strong enough to save the city he calls home? Diana Wynne Jones, author of Howl’s Moving Castle, praised this middle grade fantasy series filled with magic and wonder, saying of the first book, “I couldn’t put it down. Wonderful, exciting stuff.”
