A detailed look at Hindu mythology is accompanied by a discussion of the asceticism, eroticism, and symbolism of the myths

This work deals at length with various theories about religion prevalent at the time when Megasthenes visited India very interesting and scholarly views have been put forth regarding investigations of Megasthenes their reliability and the reliability of his reporters.

Here the collected papers explore the whole question of the relation between the mythopoetic and the moral in the context of the Mahabharata. Here we have a story of extreme complexity, characters that are unforgettable, and a cosmic context in which gods and men alike grapple with destiny. The obligations of kinship and friendship jostle with each other. The women characters, as in everyday life, seem to bear a very heavy load of the burden of life and to stand in a key position in almost every conflict. We are presented with predicaments at every turn. At times these predicaments seem to be aggravated by social structure. At other times they are cushioned by it. Philosophical tangles tied up with karma and dharma are interwoven with the mythopoetic material. Perhaps philosophical issues are pinpointed rather more than they are in Greek epic literature. The essays in this book treat the Mahabharata from an unusual angle, fastening on the moral dilemmas it presents. How universal are the dilemmas faced by the characters in the story, and are the dilemmas in fact resolved? In dealing with these questions, the discussions range over the meaning of the purusharthas, the institutions of marriage and the family, the concept of action in the Gita and the special predicaments faced by Draupadi, Arjuna and others. These studies invite the scholar to reflect afresh on the text and encourage the general reader to find in epic literature much that is relevant to life today.

One of the three great gods of Hinduism, Siva is a living god. The most sacred and most ancient book of India, The Rg Veda, evokes his presence in its hymns; Vedic myths, rituals, and even astronomy testify to his existence from the dawn of time. In a lively meditation on Siva--based on original Sanskrit texts, many translated here for the first time--Stella Kramrisch ponders the metaphysics, ontology, and myths of Siva from the Vedas and the Puranas. Who is Siva? Who is this god whose being comprises and transcends everything? From the dawn of creation, the Wild God, the Great Yogi, the sum of all opposites, has been guardian of the absolute. By retelling and interweaving the many myths that keep Siva alive in India today, Kramrisch reveals the paradoxes in Siva's nature and thus in the nature of consciousness itself.

Historically, Kashmir was one of the most dynamic and influential centers of Sanskrit learning and literary production in South Asia. In Poetry as Prayer in the Sanskrit Hymns of Kashmir, Hamsa Stainton investigates the close connection between poetry and prayer in South Asia by studying the history of Sanskrit hymns of praise (stotras) in Kashmir. The book provides a broad introduction to the history and general features of the stotra genre, and it charts the course of these literary hymns in Kashmir from the eighth century to the present. In particular, it offers the first major study in any European language of the Stutikusum=a ñ jali, an important work of religious

literature dedicated to the god 'Siva and one of the only extant witnesses to the trajectory of Sanskrit literary culture in fourteenth-century Kashmir. The book also contributes to the study of 'Saivism by examining the ways in which 'Saiva poets have integrated the traditions of Sanskrit literature and poetics, theology (especially non-dualism), and 'Saiva worship and devotion. It substantiates the diverse configurations of 'Saiva bhakti expressed and explored in these literary hymns and the challenges they present for standard interpretations of Hindu bhakti. More broadly, this study of stotras from Kashmir offers new perspectives on the history and vitality of prayer in South Asia and its complex relationships to poetry and poetics.

"In this scholarly and superbly readable book, one of the world's foremost authorities on ancient Indian texts seeks to restore the Kamasutra to its proper place in the Sanskrit canon, as a landmark of India's secular literature. In investigating, and helping us understand, a much celebrated but under-appreciated text, Wendy Doniger has produced a rich and compelling text of her own that will interest, delight, and surprise scholars and lay readers alike"--

"Medieval English Nunneries" from Eileen Power. British economic historian and medievalist (1889-1940).

FOR SALE IN SOUTH ASIA ONLY

Lord Shiva, one of the Trimoorties, is the Supreme Ascetic and Lord of the Universe. He is Ardh Nareeshwara, He is Neelakantha who drank poison to save the three worlds and yet, when crazed with grief at the death of Sati, set about destroying them. This truly makes Him an enigma for His devotees all over the world. Who is Shiva? What is the story behind the worship of the lingam? This book is an answer to various such questions which often haunt His devotees. He is believed to have revealed Himself to His devotees as flame or light or jyoti. the twelve ancient Jyotirlingams that find mention in the Shiva Purana are located in various places all over India. the five elements of Nature, namely Earth, Fire, Wind, Water and Space, worshipped as Panch Bhoota Lingams, have shrines in different parts of South India. Replete with vivid description, the author presents in a simple and lucid style the essence of Hindu religion, especially Lord Shiva and his Jyotirlingams.
