"Six of the best" are vigorously administered. The recipient can be heard grunting in pain after the first, second, third and fifth strokes, and gasping for breath after the fourth. The proceedings are momentarily interrupted after the second stroke when the student fails to keep still, prompting the operator to tap the back of his legs to coax him back into position with his feet together.

cup of tea and make sure the smelling salts are to hand, then settle in as our heroines re-write the rules and earn SIX OF THE BEST for their outrageous antics. This dance across history sweeps from the Restoration to Victorian times and will leave you panting almost as much as our naughty ladies. Publisher's note: These stories are HOT. Hotter than an oven full of muffins in a well-known British cake show. Domestic discipline and other indoor sports feature heavily in them, so if that's not your cup of tea, this is probably not the set for you. Don't say we didn't warn you!

(Vocal Selections). Six has received rave reviews around the world for its modern take on the stories of the six wives of Henry VIII and it's finally opening on Broadway! From Tudor queens to pop princesses, the six wives take the mic to remix five hundred years of historical heartbreak into an exuberant celebration of 21st century girl power! Songs include: All You Wanna Do \* Don't Lose Ur Head \* Ex-Wives \* Get Down \* Haus of Holbein \* Heart of Stone \* I Don't Need Your Love \* No Way \* Six.

The new third edition of *A Critical Introduction to Sport Psychology* is the only textbook in the field that provides a detailed overview of key theories, concepts and findings within the discipline of sport psychology, as well as a critical perspective that examines and challenges these core foundations. Fully revised and updated, the new edition covers key research findings affecting both participation and performance in sport, including topics such as motivation, anxiety, emotional coping, concentration, mental imagery, expertise and team cohesion. In addition, the book includes a range of helpful features that bring the science to life, including critical thinking exercises, suggestions for student projects and new "In the spotlight" boxes that highlight key advances in theory or practice. A comprehensive glossary is also included, whilst a final chapter examines some new horizons in sport psychology, including embodied cognition and socio-cultural perspectives. Sport is played with the body but often won in the mind; that is the theory. *A Critical Introduction to Sport Psychology* is the definitive textbook for anyone wishing to engage critically with this fascinating idea.
