"Sun Fun" offers girls countless ideas for enjoying their favorite season--summer--as they learn how to build a sand palace, stir up the best lemonade ever, and make crafts with seashells. The package also includes flavored Smackers lip balm, a clip-on key ring, and two summer hair bands. Full color.

Uses ads, cartoons, and newspaper articles from the seventies and profiles of characters from the movie to offer a satiric look at the period

Peggy Orenstein, acclaimed author of the groundbreaking New York Times bestsellers *Girls & Sex* and *Schoolgirls*, offers a radical, timely wake-up call for parents, revealing the dark side of a pretty and pink culture confronting girls at every turn as they grow into adults. Sweet and sassy or predatory and hardened, sexualized girlhood influences our daughters from infancy onward, telling them that how a girl looks matters more than who she is. Somewhere between the exhilarating rise of Girl Power in the 1990s and today, the pursuit of physical perfection has been recast as the source of female empowerment. And commercialization has spread the message faster and farther, reaching girls at ever-younger ages. But how dangerous is pink and pretty, anyway? Being a princess is just make-believe; eventually they grow out of it . . . or do they? In search of answers, Peggy Orenstein visited Disneyland, trolled American Girl Place, and met parents of beauty-pageant preschoolers tricked out like Vegas showgirls. The stakes turn out to be higher than she ever imagined. From premature sexualization to the risk of depression to rising rates of narcissism, the potential negative impact of this new girlie-girl culture is undeniable--yet armed with awareness and recognition, parents can effectively counterbalance its influence in their daughters' lives.

Twenty years ago, Allie Denty was the pretty one and her best friend Olivia Pelham was the smart one. Throughout high school, they were inseparable...until a vicious rumor about Olivia-- a rumor too close to the truth--ended their friendship. Now, on the eve of their twentieth high school reunion, Allie, a temp worker, finds herself suddenly single, a little chubby, and feeling old. Olivia, a cool and successful magazine beauty editor in New York, realizes she's lonely, and is finally ready to face her demons. Sometimes hope lives in the future; sometimes it comes from the past; and sometimes, when every stupid thing goes wrong, it comes from a prettily packaged jar filled with scented cream and promises. Beth Harbison has done it again. A hilarious and touching novel about friendship, *Love's Baby Soft* perfume, *Watermelon Lip Smackers*, bad run-ins with *Sun-In*, and the healing power of "Gee Your Hair Smells Terrific." Hope in a Jar: we all need it.

*Nosetalgia* is the first and only book of its kind in the world. And it literally stinks! It has 14 nostalgic scratch-and-sniff spots to take you back. In the hyper-protective, safety-conscious world we live in, we can consider it a badge of honor that as kids we breathed in the deliciously noxious smells of damp mimeograph paper, model airplane glue, Wite-Out, rubber cement, Magic Markers, and Superelastic Bubble Plastic and lived to tell about it. Very few things transport you in time like your sense of smell. It is the oldest, most primal sense and the one most tied to memory. And while we can identify over 10,000 individual smells, it is still the most underappreciated of all our senses. The authors of *Nosetalgia: The Smells That Take You Back* present a way to help release stored and oft-forgotten childhood memories. This unique book features 96 pages of vibrant, full-color photos of a wide variety of items from the '50s, '60s, '70s, and '80s, from Lip Smackers to Odorama memorabilia. To complete the experience, there are 14 scratch-and-sniff scent spots, from menthol (recalling Vick's VapoRub) to coconut (Coppertone suntan lotion and the smell of piña coladas) and a variety of bubblegums, perfumes, and colognes to help trigger smell memories for the reader. It is a scratch-and-sniff book for grownups who want to relive the glory days of their childhoods. People the world over continue to ride the wave of nostalgia that has swept the entire globe. *Nosetalgia* will be a coffee-table must-have. It is something people will flip through again and again and will tell their friends about.

MKTG from 4LTR Press connects students to the principles of marketing--bringing them to life through timely examples showing how they're applied at the world's top companies every day. In this New York Times Editor's Pick, the brilliant founder of MuslimGirl.com shares her harrowing and candid account of what it's like to be a young Muslim woman in the wake of 9/11, during the never-ending war on terror, and through the Trump era of casual racism. At nine years old, Amani Al-Khatahtbeh watched from her home in New Jersey as two planes crashed into the World Trade Center on September 11, 2001. That same year, she heard her first racial slur. At thirteen, her family took a trip to her father's native homeland of Jordan, and Amani experienced firsthand a culture built on the true peaceful nature of Islam in its purest form, not the Islamic stereotypes she heard on the news. Inspired by her trip and after years of feeling like her voice as a Muslim woman was marginalized during a time when it seemed all Western media could talk about was, ironically, Muslim women, Amani created a website called Muslim Girl. As the editor-in-chief, she put together a team of Muslim women and started a life dedicated to activism. *Muslim Girl: A Coming of Age* is the extraordinary account of Amani's journey through adolescence as a Muslim girl, from the Islamophobia she's faced on a daily basis, to the website she launched that became a cultural phenomenon, to the nation's political climate in 2016 as Donald Trump wins the presidency. While dispelling the myth that a headscarf signifies neither radicalism nor oppression, she shares both her own personal accounts and anecdotes from the "sisterhood" of writers that serve as her editorial team at Muslim Girl. Amani's "blunt...potent message...is a skillful unraveling of the myth of the submissive Muslim woman" (The New York Times Book Review) and a deeply necessary counterpoint to the current rhetoric about the Middle East.

From Beth Harbison, the New York Times bestselling author of *When in Doubt*, *Add Butter* and *Shoe Addicts Anonymous*, comes *Chose the Wrong Guy, Gave Him the Wrong Finger*, a delightful new novel that will make you look at second chances in a whole new way. Ten years ago, Quinn Barton was on her way to the altar to marry Burke Morrison, her high school sweetheart, when something derailed her. Rather, someone derailed her—the Best Man who at the last minute begged her to reconsider the marriage. He told her that Burke had been cheating on her. For a long time. Quinn, stunned, hurt, and confused, struggled with the obligation of fulfilling her guests' expectations—providing a wedding—and running for her life. She chose running. With the Best Man. Who happened to be Burke's brother, Frank. That relationship didn't work either. How could it, when Quinn had been engaged to, in love with, Frank's brother? Quinn opted for neither, and, instead, spends the next seventeen years working in her family's Middleburg, Virginia, bridal shop, *Talk of the Gown*, where she subconsciously does penance for the disservice she did to marriage. But when the two men return to town for another wedding, old anger, hurt, and passion resurface. Just because you've traded the good guy for the bad guy for no guy doesn't mean you have to stay away from love for the rest of your life, does it? Told with Beth Harbison's flair for humor and heart, *Chose the Wrong Guy* will keep you guessing and make you believe in the possibilities of love.
