This is a supplement to "One Mathematical Cat, Please! Understanding Calculus." It is a complete solution manual, with solutions to all the in-section and end-of-section exercises, as well as the sample tests. The main text is free, online, at: http://www.onemathematicalcat.org/Math/Calculus_obj/tableOfContentsCalculus.htm A print version is also available, as a convenience for those of us who like to highlight, write in the margins, and feel the paper between our fingers. An entire website supports this Calculus book: <http://www.onemathematicalcat.org> Algebra I and II,

Geometry, Precalculus (for when you need to brush up on stuff) Calculus index cards (hold the entire course in the palm of your hand) Please don't hesitate to contact the author, Dr. Carol JVF Burns, with any questions or comments. My email is available from my homepage: <http://www.onemathematicalcat.org>

The ideal foundation of a one-semester course for undergraduate students, Stenesh's Biochemistry presents the basic body of biochemical knowledge and a thorough exposition of fundamental biochemical concepts. Carefully balancing primary and secondary topics, this introductory text covers the essentials in proper depth to establish a firm foundation for further study. Superior to any other first level text available, Stenesh's Biochemistry features: clear writing, thorough explanations, and precise definitions. comprehensive study sections for all chapters, consisting of both review-type questions and calculation-type problems, graded by difficulty and including answers selected reading lists concise chapter summaries two-color text 529 illustrations a separate chapter on bioenergetics, and an extensive index. Four appendixes review acid-base calculations, the principles of organic chemistry, the tools of biochemistry, and oxidation-reduction reactions, and a separate Solutions Manual presents step-by-step answers to problems.

Dr. Marty Becker has become known as "America's Veterinarian" because of his educational and entertaining shows and columns. For more than ten

years, Dr. Becker has been the popular veterinary contributor to ABC-TV's Good Morning America and is now a member of Core Team Oz on Dr. Mehmet Oz's show. Dr. Becker will help owners solve problems and enhance their bond with their cats through a tip-filled book on everything from finding the right cat to preventing health problems and bad behavior. He will start owners off on the right foot, whether they buy a kitten or adopt an older cat, showing them how to solve the most annoying behavior and cat-care problems--from scratching furniture to not using the litter-box. (Surprising fact: did you know that black cats shed more than light-colored cats?) And he advises owners how to make their own cat toys, and how to save money on medication, both traditional and alternative.

A beginner's guide to cat care and ownership. Answers hundreds of frequently asked questions by Veterinarian Dr. David Brunner.

Presents advice and information for raising a healthy and happy cat, providing recommendations for behavioral issues and such topics as selecting a compatible kitten and saving money on traditional and alternative treatments.
