SONY ICD-BX800 - YouTube Sony ICD-BX700 Digital Voice Recorder with Stereo Microphone Jack I needed a good recorder for business but it didn't need a PC connection. The 700 does the job. It has everything a more expensive one has. The only fault that I found for it was that it was on automatic record and somehow it started playing. Other than that I have no complaint.

Will the Wounded Soldier She Rescues From Certain Death be Able to Break Down the Walls of Bitterness That Surround Her Heart? Seeking to fulfill the promise she made to her dying father, eighteen-year-old Jesselynn Highwood determines to take her little brother and the family's remaining Thoroughbreds from Twin Oaks plantation in Kentucky to her uncle's farm in Missouri, where they will be safe for the remainder of the Civil War. Jesselynn is also fleeing a cruel man in Confederate uniform who has pledged to take revenge against her for refusing his hand in marriage. No longer safe at Twin Oaks, she embarks on a perilous journey, taking on the momentous responsibility for the lives and welfare of all who go with her. They ride at night and hide during the day, dodging both Confederate and Union troops along the way. Encountering hunger, sickness, and the devastation of war, they finally arrive in Missouri only to discover that the situation there puts them in even greater danger. Discouraged, disillusioned, and facing a severe testing of her faith, Jesselynn will stop at nothing to save her family, the horses, and whatever remains of Twin Oaks.

Very little has been written on industrialization and deindustrialization in Asia and Africa. This reference work sheds illuminating light upon the industrial development in Asia and Africa. It also provides an in-depth look into China's engagement and migrant labour in Africa. The book also addresses the roles of public-private partnership (PPP) and international development cooperation and how they are fundamental to industrialization in Asia and Africa. Designing Integrated Industrial Policies will be a very useful reference particularly as a how-to guide on industrial promotion and designing integrated industrial policies not only for economic growth and job creation but also for "inclusive" development. It comes with country cases and illustrates useful tools for industrial policy simulation and for evidence-based policy making through these concrete examples.

Gender Ideologies and Military Labor Markets in the U.S. offers a comprehensive analysis of the relationship between changes in military gender ideologies and structural changes in U.S. military and society. By investigating how social and military change have influenced gender ideologies, the author develops an approach that (re-)connects military gender ideologies to the social conditions of their production and distribution and explains their transformation as effects of changing social and political relations and conflicts. Examining the role of different groups of social actors, media debates on women's military participation and gender ideologies inherent in depictions of military women, the author seeks to contextualise these ideologies as within structural change in the U.S. military and society, relating them to the gender-specific division of labour on civilian and military labor markets. This work provides a deeper understanding of the nexus between military re-structuring processes, women's military integration, and changes of gender ideologies in regard to war and the military, and will be of great interest to students and scholars of gender, security studies and American politics.
