While not opposed to allopathic or conventional medicine, Weil heavily criticizes the establishment for emphasizing “disease and it’s treatment, rather than health and it’s maintenance” (P. 65). He emphasizes natural healing and a variety of alternative therapies. In Weil’s view, the body heals itself, it is a “healing system.”

Spontaneous Healing by Andrew Weil

Andrew Thomas Weil is an American celebrity doctor who advocates for alternative medicine. Weil became interested in the ideas and practices of complementary and alternative medicine, and went on to play a seminal role in codifying and establishing the emerging field of integrative medicine, which aims to combine alternative medicine, conventional evidence-based medicine, and other practices into a higher-order “system of systems” to address human healing via action in multiple “dimensions”.
