Today's village bakers are finding an important new role--linking tradition with a sophisticated new understanding of natural leavens, baking science and oven construction. Daniel Wing, a lover of all things artisanal, had long enjoyed baking his own sourdough bread. His quest for the perfect loaf began with serious study of the history and chemistry of bread baking, and eventually led to an apprenticeship with Alan Scott, the most influential builder of masonry ovens in America. Alan and ...

True, you can make good bread at home with instant yeast and a little bit of care, but great bread requires much more attention and practice. The text of The Bread Builders never quite offers a recipe. Instead, it lays out the science and art of baking, attributing quite a bit to the "feel" of the baker.
