A next installment in the trilogy that began with The Gathering finds Maya and her animal friends escaping a devastating forest fire that they believe was deliberately set by an abductor who strands them in a threatening Vancouver Island wilderness.

On the heels of the wildly popular The Gathering comes the second in the "Darkness Rising" YA trilogy from NYT bestselling author Kelley Armstrong. Maya Delaney's paw-print birthmark is the mark of what she truly is--a skin-walker. She can run faster, climb higher, and see better than nearly everyone else. Experiencing intense connections with the animals that roam the woods outside her home, Maya knows it's only a matter of time before she's able to Shift and become one of them. And she believes there may be others in her small town with surprising talents. Now, Maya and her friends have been forced to flee from their homes during a forest fire they suspect was deliberately set. Then they're kidnapped, and after a chilling helicopter crash, they find themselves in the Vancouver Island wilderness with nothing but their extraordinary abilities to help them get back home.

On the heels of the wildly popular "The Darkest Powers" series comes the first in another supernatural YA trilogy from New York Times bestselling author Kelley Armstrong. Maya lives in a small medical-research town on Vancouver Island. How small? You can't find it on the map. It has less than two-hundred people, and her school has only sixty-eight students — for every grade from kindergarten to twelve. Now, strange things are happening in this claustrophobic

town, and Maya's determined to get to the bottom of them. First, the captain of the swim team drowns mysteriously in the middle of a calm lake. A year later, mountain lions start appearing around Maya's home, and they won't go away. Her best friend, Daniel, starts getting negative vibes from certain people and things. It doesn't help that the new bad boy in town, Rafe, has a dangerous secret — and he's interested in one special part of Maya's anatomy: Her paw-print birthmark.

The heart-stopping final book in the Darkness Rising trilogy, from New York Times-bestselling author Kelley Armstrong! Things are getting desperate for Maya and her friends. Hunted by two powerful Cabals, they're quickly running out of places to hide. And with the whole world thinking they died in a helicopter crash, they can't simply go to the authorities for help. All they have is the name and number of someone who might be able to give them a few answers. Answers to why they're so valuable to the Cabals, and why their supernatural powers are getting more out of control. Maya is unprepared for the truths that await her, but she'll have to face them if she ever hopes to move on with her life. Because she can't keep running forever. With all the twists, thrills, and romance that have made Kelley Armstrong an international bestseller--plus the surprising return of some favourite characters--The Rising will keep you under its spell long after the last page is turned.

Kelley Armstrong's New York Times bestselling Darkness Rising trilogy is collected here for the first time! *The Gathering*: Strange things are happening in Maya's tiny Vancouver Island town. First, her friend Serena, the captain of the swim team, drowns mysteriously in the middle of a calm lake. Then, one year later, mountain lions are spotted rather frequently around Maya's home—and her reactions to them are somewhat . . . unexpected. It doesn't help that the new bad boy in town, Rafe, has a dangerous secret, and he's interested in one special part of Maya's anatomy—her paw-print birthmark. *The Calling*: Now Maya and her friends have been forced to flee from their homes during a forest fire they suspect was deliberately set. Then they're kidnapped, and after a chilling helicopter crash, they find themselves in the Vancouver Island wilderness with nothing but their extraordinary abilities to help them get back home. *The Rising*: All Maya and her friends have is the name and number of someone who might be able to give them a few answers. Answers to why they're so valuable, and why their supernatural powers are getting more and more out of control. But Maya is unprepared for the truths that await her. And like it or not, she'll have to face down some demons from her past if she ever hopes to move on with her life

Kelley Armstrong's New York Times bestselling Darkest Powers trilogy is collected here for the first time! *The Summoning*: Chloe is locked up in Lyle House, a "special home" for troubled teens. Yet the home isn't what it seems. There is definitely more to Chloe's housemates than meets the eye. The question is, whose side are they on? It's up to her to figure out the dangerous secrets behind Lyle House . . . before its skeletons come back to haunt her. *The Awakening*: Chloe Saunders is a living science experiment--not only can she see ghosts, but she was genetically altered by a sinister organization called the Edison Group. She's a teenage necromancer whose powers are out of control, which means she can raise the dead without even trying. Now Chloe's running for her life with three of her supernatural friends--a charming sorcerer, a cynical werewolf, and a disgruntled witch--and they have to find someone who can help them before the Edison Group catches them. *The Reckoning*: Chloe Saunders's life is not what you would call normal. First of all, she can't figure out how she feels about a certain antisocial werewolf or his charming brother--who just happens to be a sorcerer. Then there's the fact that she's running for her life from an evil corporation that's trying to kill her and her supernatural friends. And finally, she's a genetically altered necromancer who can raise the

dead, rotting corpses and all, without even trying. But Chloe has a plan. And the end is very near.

When her sorceress mother and vampire king father are brutally murdered, Kassina makes a pact with Shindar, the Demon of Darkness. In exchange for her soul, Kassina obtains power to become the most feared sorceress in all the lands; she could make the people pay dearly for the deaths of her parents. Granted eternal life, Kassina and her evil are never far away. For years, Marithia, a mystical world inhabited by humans and elves, has lived in an age of peace. But that peace is shattered when King Arman is slain by his own son, a pawn of the vampire sorceress Kassina. Arman's murder sparks the most brutal and bloody war ever seen between the Forces of Darkness and the peaceful Marithians. Vartan, a young knight who was wrongfully banished from King Arman's court, reluctantly discovers he is the subject of a prophecy to activate the legendary weapon, Talonsphere. He forms an alliance with the mythical dragons and has the opportunity to rid the world of the oppressors forever and experience eternal peace.
