Aaron Huey's effort to photograph poverty in America led him to the Pine Ridge Indian Reservation, where the struggle of the native Lakota people -- appalling, and largely ignored -- compelled him to refocus. Five years of work later, his haunting photos intertwine with a shocking history lesson.

Street Journal.

First in Joseph Marshall's groundbreaking Lakota Westerns series, this riveting novel takes place during the Battle of the Hundred in the Hand, otherwise known as the Fetterman Massacre of 1866. The story comes alive through the eyes of Cloud, a dedicated warrior who fights alongside a young Crazy Horse during one of the coldest winters, as well as the white soldiers who mistake Cloud's redheaded wife for a captive. A beautifully written and fast-paced Western, Hundred in the Hand brings new depth to the story of the battle and the Lakota people.

tradition, Sister Girl and her brother, Young Wolf, wander far from their village and face great danger, including stampeding animals and a wall of fire. The children barely save themselves, and as night approaches, they find themselves alone in the barren and unforgiving wilderness. How will they find home? As the stars shine brightly, the spirit of their grandmother, Elk Tooth Woman, appears to guide them: "The Star People are always with you. Look up, and you will see me among the stars." S. D. Nelson's compelling illustrations, inspired by the ledger-book style of the Plains Indians, capture the beauty of humans and nature existing as one.

the United States. Winner of the 2011 Pulitzer Prize for Biography “Truly magnificent . . . [a] well-researched, well-written and absolutely definitive biography” —Andrew Roberts, *The Wall Street Journal* “Until recently, I’d never believed that there could be such a thing as a truly gripping biography of George Washington . . . Well, I was wrong. I can’t recommend it highly enough—as history, as epic, and, not least, as entertainment.” —Hendrik Hertzberg, *The New Yorker*

Celebrated biographer Ron Chernow provides a richly nuanced portrait of the father of our nation and the first president of the United States. With a breadth and depth matched by no other one volume biography of George Washington, this crisply paced narrative carries the reader through his adventurous early years, his heroic exploits with the Continental Army during the Revolutionary War, his

presiding over the Constitutional Convention, and his magnificent performance as America's first president.

In this groundbreaking work, based on massive research, Chernow shatters forever the stereotype of George Washington as a stolid, unemotional figure and brings to vivid life a dashing, passionate man of fiery opinions and many moods. Lin-Manuel Miranda's smash Broadway musical Hamilton has sparked new interest in the Revolutionary War and the Founding Fathers. In addition to Alexander Hamilton, the production also features George Washington, Thomas Jefferson, James Madison, Aaron Burr, Lafayette, and many more.

When Paha Sapa, a young Sioux warrior, "counts coup" on General George Armstrong Custer as Custer lies dying on the battlefield at the Little Bighorn, the

legendary general's ghost enters him - and his voice will speak to him for the rest of his event-filled life. Seamlessly weaving together the stories of Paha Sapa, Custer, and the American West, Dan Simmons depicts a tumultuous time in the history of both Native and white Americans.

Haunted by Custer's ghost, and also by his ability to see into the memories and futures of legendary men like Sioux war-chief Crazy Horse, Paha Sapa's long life is driven by a dramatic vision he experienced as a boy in his people's sacred Black Hills. In August of 1936, a dynamite worker on the massive Mount Rushmore project, Paha Sapa plans to silence his ghost forever and reclaim his people's legacy-on the very day FDR comes to Mount Rushmore to dedicate the face.

McGAA, EAGLE MAN, USMC 110 missions Vietnam - F4B Phantoms Author of Eagle Vision and Mother Earth Spirituality. David Hampton adapted to the white mans world, still he kept the old ways, his grandfathers ways, in his heart. He believed in Wakan Tanka, and Mother Earth, who would provide him everything he needed. Grandfather had taught him the ways of his ancestors. Each summer they would go into the Black Hills, they would live off the land. Now, you go to the store and buy everything you need. It has not always been that way. He learned to live off the land, his ancestors did; now he would do so also. Something moved on the bank opposite him and he looked up.

There was a woman standing on the bank watching him. She had a Schmauser machinegun pistol hanging by a sling from her shoulder. Her right hand was on the grip and a finger on the trigger. She was tall and although she wore mens bulky clothing, he could not help but notice a well developed figure. Her hair was done up in a ball at the back of her head and she wore a large fur hat. Her face was plain, not pretty, but not ugly by any means. Her lips were large and looked as though she was pouting over something.
