**Rifter 1**

'The Shattered Gates' is book one in Ginn Hales series 'The Rifters' and it's the beginning of a 10 book (actually it's more of a 10 novella) buddy read with the lovely M'rella. So I'm probably not going to do a review for each one more of a brief comment and then I'll attempt an overall review after the last book...or at least that's my plan.

## **The Shattered Gates (Rifter #1) by Ginn Hale**

At first The Rifter's first book "The Shattered Gates," seemed a little dry to me - it takes time to embrace the world-building and get to know the characters - and there's a certain sparseness to Hale's prose that takes a while to grow on you. Hale's narrative never drags, and while certain motifs repeat, it is never redundant.

## **The Shattered Gates: The Rifter Book One by Hale, Ginn ...**

The world of The Rifter is crafted with love: it's complex, robust, and unromanticized, and while I fail to find it particularly compelling it's undeniably real. But more worldbuilding than plot happens in The Shattered Gates , and though the book never drags the series promises to run a little too long.
