In 2160, a teenager becomes the bait to capture her missing revolutionary parents she thinks are long dead. Grey Alexander has one goal--to keep herself and her younger sister Orinda alive. Not an easy feat living unconnected in the North American Wildlife Preserve, where they survive by smuggling contraband into the Mazdaar government's city zones. If the invisible electric border fence doesn't kill them, a human-like patrol drone could. When her worst fear comes true, Grey questions everything she thought she knew about life, her missing parents, and God. Could another planet, whose sky swirls with orange vapors and where extinct-on-Earth creatures roam free, hold the key to reuniting her family?

Author of The Girl With All the Gifts Mike Carey presents the fourth book in his hip supernatural thriller series featuring freelance exorcist Felix Castor. Old ghosts are coming back to haunt Felix. Names and faces he thought he'd left behind in Liverpool resurface in London, bringing Felix far more trouble than he'd anticipated. Childhood memories, family traumas, sins old and new, and a council estate that was meant to be a modern utopia until it turned into something like hell....These are just some of the sticks life uses to beat Felix Castor with, as things go from bad to worse for London's favorite freelance exorcist. See, Castor's stepped over the line this time, and he knows he'll have to pay. The only question is: how much? Not the best of times, then, for an unwelcome confrontation with his holier-than-thou brother, Matthew. And just when he thinks things can't possibly get any worse, along comes Father Gwilliam and the Anathema. Oh joy....
