Often called 'Accident Park,' 'Class Action Park,' or 'Traction Park,' Action Park was an American icon. Entertaining more than a million people a year in the 1980s, the amusement playland placed no limits on danger or fun. Though it closed its doors in 1996 after nearly twenty years, it has remained a subject of constant fascination ever since, an establishment completely anathema to our modern culture of rules and safety. Action Park is the first-ever unvarnished look at the history of this DIY Disneyland, as seen through the eyes of the park's idiosyncratic founder.

When Pigasso met Mootisse, what begins as a neighborly overture escalates into a mess. Before you can say paint-by-numbers, the two artists become fierce rivals, calling each other names and ultimately building a fence between them. But when the two painters paint opposite sides of the fence that divides them, they unknowingly create a modern art masterpiece, and learn it is their friendship that is the true work of art. Nina Laden's wacky illustrations complement this funny story that not only introduces children to two of the world's most extraordinary modern artists, but teaches a very important lesson—how to creatively resolve a conflict—in a most unusual way.
