With her wedding fast approaching, as well as her fiancé's investiture as grand master, Master Demon Trapper Riley Blackthorne is just trying to keep Atlanta safe from Hellspawn. When she meets a high-level fiend who claims to be free of Lucifer's control, and allows him to remain at large, she knows there will be consequences. Denver Beck is facing two major events: taking his vows as a grand master and then as a husband. He's as nervous about committing his life to the fight against Darkness as he's excited to say, "I do". All his worries about the future are confirmed when a city is buried in brimstone, killing every single inhabitant. Was this Hell's doing, or is some other entity at work? It's Beck's job to find out. After more cities are destroyed, Riley is summoned to Rome to answer for her actions. If they want a future as man and wife, she and Beck will have to take a stand. But will they be strong enough to stop this new threat, a killer that even the angels fear?

learns that not all is as it seems in Hell. Even her decision to allow a higher level demon to remain at large, one who claims to be free of Lucifer's hold, may prove to be a serious mistake. Beck is facing two major events: taking his vows as a grand master, and as a husband. He's nervous about the first, but eager to say "I do." But he knows how much can go wrong between now and then. His worries become reality when a Czech city is buried in brimstone, killing all its inhabitants. Beck isn't sure if this is Hell's doing or not, but now he's been tasked to find out. When Riley is summoned to Rome to answer for her actions, Beck insists on joining her. Even as she challenges the Vatican's centuries-old views on Hellspawn, more cities fall. But this killer isn't like any demon they've ever encountered. This one even the angels fear.

After Riley Blackthorne vowed to stop Armageddon in exchange for her boyfriend's life, she really hoped Heaven would forget her part of that deal. No such luck. But first she has to survive the Vatican's Demon Hunters, find her father's reanimated corpse, and avoid being torn apart by roving bands of Hellspawn. That's a heavy load for an apprentice demon trapper, but Riley has no choice. Either she honors her vow to Heaven, or the world will burn.

The Demon Trapper's Daughter is the first novel in Jana Oliver's Demon Trappers—a spellbinding young adult fantasy series. Riley Blackthorne just needs a chance to prove herself—and that's exactly what the demons are counting on. Seventeen-year-old Riley, the only daughter of legendary Demon Trapper Paul Blackthorne, has always dreamed of following in her father's footsteps. The good news is, with human society seriously disrupted by economic upheaval and Lucifer increasing the number of demons in all major cities, Atlanta's local Trappers' Guild needs all the help they can get—even from a girl. When she's not keeping up with her homework or trying to manage her growing crush on fellow apprentice, Simon, Riley's out saving distressed citizens from foul-mouthed little devils—Grade One Hellspawn only, of course, per the strict rules of the Guild. Life's about as normal as can be for the average demon-trapping teen. But then a Grade Five Geo-Fiend crashes Riley's routine assignment at a library, jeopardizing her life and her chosen livelihood. And, as if that wasn't bad enough, sudden tragedy strikes the Trappers' Guild, spinning Riley down a more dangerous path than she ever could have imagined. As her whole world crashes down around her, who can Riley trust with her heart—and her life?

In 2018 Atlanta, Georgia, seventeen-year-old apprentice Demon Trapper Riley Blackthorne must deal with unwanted fame, an unofficial bodyguard, an overprotective friend, the Vatican's own Demon Trappers, and an extremely powerful Grade Five demon who is stalking her.

The authors have a talent for storytelling through images the photography throughout is exceptional.

As the ultimate battle between Heaven and Hell begins, Beck reveals his troubled past and grows closer to demon hunter Riley.

Riley Blackthorne. Kicking hell's ass one demon at a time... Riley's beginning to think being a demon trapper isn't all it's cracked up to be. Her dad's been stolen by a necromancer, her boyfriend's gone all weird and she's getting warm and fuzzy feelings for someone who's seriously bad news. It's tempting to give it all up and try to be normal, but that's not an option. Because the demons have plans for Riley. And they're not the only ones.

Elegant and magnificent, conservatories reveal fascinating social, cultural, botanical, and engineering advances as they have evolved across history. First appearing in the eighteenth century as simple structures designed to protect fruit trees and other delicate plants from harsh European winters, conservatories became grand glass houses that spread across the European continent, to the Americas, and ultimately around the world. Through evocative archival and contemporary photographs, drawings of landmark structures, and graceful, accessible text, The Conservatory celebrates the patrons and designers who advanced the technology and architectural majesty of these light-filled structures. The importance of conservatories continues to grow with efforts to conserve phenomenal plants and their environments.
