Just accepted a software update for the HTC incredible to Android version 2.3.4. At least 2/3s of the apps on the phone no longer work and the workaround I have found is to download the app again and reinstall it on the phone. Not a good solution. Has anyone else had this problem and if so, how have you solved it.

The incredible 2 started out as a great phone until I started leaving town for work. I enjoyed the design compared to the first incredible. Text input, camera usage, the display, and just overall features that HTC offered on the phone were very nice. The only reason I went with the Droid X2 is because of bad reception with the Incredible 2.
